

FEDERAL Communications Commission. Thought the F was for "Fox", as in "Fox News". Interesting.

I'll get to the point. TV and radio stations telephone ads are just that ADVERTISEMENTS. So are their surveys, and whatever other excuse they might come up with to call my home. And I don't need those idiots calling my home. So, no exemption on the National Do Not Call list for them, okay?

Get with it people. Stop being shills for big communications/entertainment and get to work representing the peoples' interests. That's what you're there for, so do it. Michael Powell, you should be ashamed of yourself. You must know you're wrong -- listen to a radio station playing the same five songs over & over, or read another breathless account in the paper of another meaningless "news" story (Kobe, Laci, etc.) -- conglomeration is crippling real communications and entertainment in this country. You know better, now act better.

Sincerely,

Pete Rau
